AWARDS & ACHIEVEMENTS

- 1997** Leicester Business School. Citation for best MBA Dissertation on stress levels of private and public ambulance services in Switzerland and England.
- 1994** University of Surrey. Awarded the Instron prize for best overall group project in the 'Design, Make and Evaluate' project.
- 1993** Achieved +2 bonus points in my IB for an exceptional extended essay. (Price and non-price determinants of cross-frontier shopping between France and Switzerland.)

SPECIAL SKILLS

Having spent the best part of my childhood in Switzerland, I am bilingual (English and French) with a foundation in German.

I have acquired good presentation skills throughout my career, perform well in teams as well as individually and have good communication skills.

I am proficient at managing projects and teams of people. Having worked exclusively for Robertson and Co I have significant experience in the large loss energy sector as well as Robertson and Co's unique Loss Management Plan and Common Cause Report methodologies.

I have excellent knowledge of working with computers (Mac and Windows) including the use of Word, Excel, PowerPoint, Adobe Acrobat, and other software packages.

HOBBIES & INTERESTS

I am a keen sportsman and enjoy participating in most sports, especially CrossFit. I also enjoy most water sports and am an enthusiastic downhill skier.

I train regularly and keep fit. I do not smoke, drink rarely and am in excellent health.
